

ANNUAL REPORT 2017

Merry Go Round Children's Foundation
Year End June 30, 2017

Kids, Cops
& Computers

Merry Go Round Children's Foundation
helps deserving yet financially disadvantaged kids access the
technology and tools they need to achieve their academic &
social potential.

Chairman's Message

Dear Supporters and Stakeholders,

In our 19th year of operation we experienced another record year welcoming 785 new grade seven students to the *Kids, Cops & Computers* program. In Toronto 612 students were enrolled in 38 schools and another 173 students from non-metropolitan communities in five provinces across Canada enrolled in *Kids, Cops & Computers* in partnership with the RCMP Foundation. Thanks to the support of our generous donors, each of these deserving youth from financially disadvantaged circumstances were provided with brand-new HP laptops, educator support and police mentoring.

G. Scott Paterson

A key component of *Kids, Cops & Computers* is helping kids develop essential academic and life skills during this growth period of their lives.

The *Lead and Learn* sessions they attend through the school year with police officers and educators provide foundational digital literacy skills they need for future success and helps them develop stronger relationships with adults and authority figures.

We are grateful to our community partners whose passion and commitment to *Kids, Cops & Computers* ensures the Program's ongoing growth and success. In Toronto, we continue to partner with both the Toronto District and Toronto Catholic District School Boards as well the Toronto Police Service. HP remains a key associate as our Technology Partner in providing brand new laptop computers to our participants and accessing volunteer expertise that benefits the Program.

Even though technology has become prevalent in our everyday lives and costs less than it did when we launched the Program 19 years ago, low-income youth are still being left behind. We see the need with the ever-growing number of kids enrolling in *Kids, Cops & Computers* each year. That is why we are excited to have the goal of bringing our Program to kids in every province across the country over the next five years. We are on the right track. Our partnership with the RCMP Foundation, forged in 2015, saw the Program triple this year from three programs in three provinces to nine programs in five provinces.

G. Scott Paterson

Chairman & Founder, *Kids, Cops & Computers*
Merry Go Round Children's Foundation

Meet Legend, future volunteer

Legend is a hardworking and determined student who joined *Kids, Cops & Computers* this year at St. Joseph's Catholic School in Toronto. He is actively engaged with Merry Go Round Children's Foundation as a volunteer and student ambassador.

Before joining the Program, there was no functioning computer at home. "My parents had been taking me to the public library so I could complete my assignments. The laptop I received from *Kids, Cops & Computers* helped me do my homework on time and took away the hassle for my parents."

Legend is a firm believer in giving back to the community. As a member at De Santos Martial Arts and one of the student leaders for the Karate Kids extracurricular program at St. Joseph's, he works as a mentor to younger students helping them practice and not give up on the art.

"In the future, I would like to continue volunteering with different causes," he explains. "Such as with food drives and helping to feed the homeless, as well as with programs to help stop bullying in schools."

Message from President & CEO

Dear Friends,

Computers and digital literacy are recognized as essential for student success today yet we continue to see a digital divide between those with access to home computing technology and those without.

It may be hard to believe but there are thousands of kids in our country who simply don't have the financial ability to obtain the technology and tools that are now essential to their success. With your help, we are changing this situation for so many youth that are just waiting for the opportunity as their peers to access technology and achieve their academic and social potential.

In receiving a brand-new HP laptop and the support of police officers and teachers, each student participating in *Kids, Cops & Computers* is given an equal opportunity to thrive. Through your gifts, our kids receive state-of-the-art technology and tools to assist with their homework and social development, they also obtain the confidence in their ability to succeed and the hope of brighter future.

Over the coming years, we'll continue to expand our program, beyond Toronto and across the country, thanks in part to our partnership with the RCMP and to you our generous and committed donors.

These are exciting times and I'm so grateful for the part you've played.

Pati Greenwood, MBA, CFRE
President & CEO
Merry Go Round Children's Foundation

RCMP Foundation extends the Gift of Technology to Kids Across Canada

In 2015, Merry Go Round Children's Foundation formed a partnership with the RCMP Foundation to deliver the *Kids, Cops & Computers* program in non-metropolitan communities across Canada.

After a successful pilot year enrolling 45 youth in three provinces, 173 new students joined the Program through the RCMP Foundation in 2016/2017.

Kids, Cops & Computers programs were launched in schools in nine communities in five provinces including:

- Kitkatla, BC
- Conklin, AB
- Janvier, AB
- Leduc, AB
- Brooks, AB
- Grand Prairie, AB
- Dauphin, MB
- Elsipogton First Nation, NB
- Eskasoni First Nation, NS

Program Partners Build Lasting Relationships

Since 1998, Merry Go Round Children's Foundation's *Kids, Cops & Computers* program has worked in partnership with both the Toronto District and Toronto Catholic District School Boards, as well as the Toronto Police Service to uniquely leverage the power of technology for social good.

Community engagement remains a top priority of the *Kids, Cops & Computers* program. Our ongoing partnership with the Toronto Police Service encourages positive and trusting relationships between police officers and students.

Toronto Police Officers lead five *Lead & Learn* sessions throughout the year with the support of educators. The sessions explore a variety of topics that help kids feel safe and confident online. These dedicated community partners are committed to helping students become successful in their academic activities and in their relationships with peers, family members, and others.

Staying Connected with *Kids, Cops & Computers* Families

Maintaining open communication with students and their families remains a top priority for *Kids, Cops & Computers*. Four Parent Night sessions were held in the Fall of 2016 to provide an overview of the Program and the commitments kids are asked to make as part of their participation.

Special thanks to Officer Megan McGarry and Officer Ryan Park of the Toronto Police Service for facilitating the sessions, educating parents on safety and answering questions. The events were very widely-attended by families and will be continued in the coming years.

KIDS GIVE BACK!

Increasing engagement between youth and the community is one of the ongoing goals of *Kids, Cops & Computers*. Participants are encouraged to give back and play a role in assisting other youth who will be in their shoes in the future.

Congratulations to the students who together with the support of police officers and educators raised funds for future students to receive access to technology and tools through *Kids, Cops & Computers*.

The *KCC Kids Give Back* initiative, provides students the opportunity to develop and practice strong leadership within their communities and contribute to a legacy that allows more kids to participate.

Nine schools participate in *Kids, Cops & Computers* took part in the *Kids Give Back* fundraisers this year, raising **over \$3,700** in support of the Program.

Kids, Cops & Computers students celebrate success

Every year, *Kids, Cops & Computers* students celebrate the completion of the Program at *Inspiration Games* – a fun activity-packed day that marks the point at which they have officially “earned” ownership of their HP laptop computer.

This year the event, held on May 30 at the Hangar at Downsview Park, included fun active games, an HP photo station, a delicious lunch from Pizza Nova, and an awards ceremony recognizing the outstanding efforts of students, police officers, and educators.

Patricia Jaggernaut of CP24, returning as MC for the fourth year, led the celebration that included over 600 students, 38 educators, 15 officers, 12 volunteers, and 18 donors who congratulated the Grade 7 students completing their first year in the Program.

“Look at the kids and officers playing together. This Program is a wonderful way for Toronto Police to build positive relationships with youth.”

– TPS Acting Superintendent David Rydzik

Congratulations to all student winners for Student Dedication, Spirit, and Creative Assignment awards: Francis Afriyie, Brian Sanchez, Brenda Quiroga, Cameron Iannizi-Forbes, Lucy Pinelli, Danialla El Aridi, Nicolette Kuma, Tim Lizott, and Christine Cheng.

OUR

FAST STATS

4,300 STUDENTS

have been impacted by the *Kids, Cops & Computers* program since 1998.

612 LAPTOPS

brand-new HP laptops were distributed to students across Toronto in 2017.

75%

EDUCATORS

believe access to a computer is crucial for long-term success.

SCHOOLS **93**

have been involved in the *Kids, Cops & Computers* program across Toronto since inception.

LEAD & LEARNS

190

sessions led by Toronto Police Service officers in 2017 to teach students digital literacy.

80%

POLICE OFFICERS

believe *KCC* helps improve relationships with youth.

\$8,678 RAISED BY KCC KIDS

collected through *KCC Kids Give Back* fundraiser initiative, paying it forward to fund the enrollment of future students.

70%

GR. 7 PARENTS

noticed an increase in child's motivation to do well after joining *KCC*.

VOLUNTEERS **325**

passionate individuals and student ambassadors that have given back to *Kids, Cops & Computers*.

15 POLICE OFFICERS

dedicated Toronto Police CLSO officers are building relationships with youth in *Kids, Cops & Computers*.

70%

GR. 12 STUDENTS

noted an improvement in their digital literacy skills after completing *KCC*.

IMPACT

My son's tech skills have increased tremendously... It has almost surpassed my own."

- KCC Parent

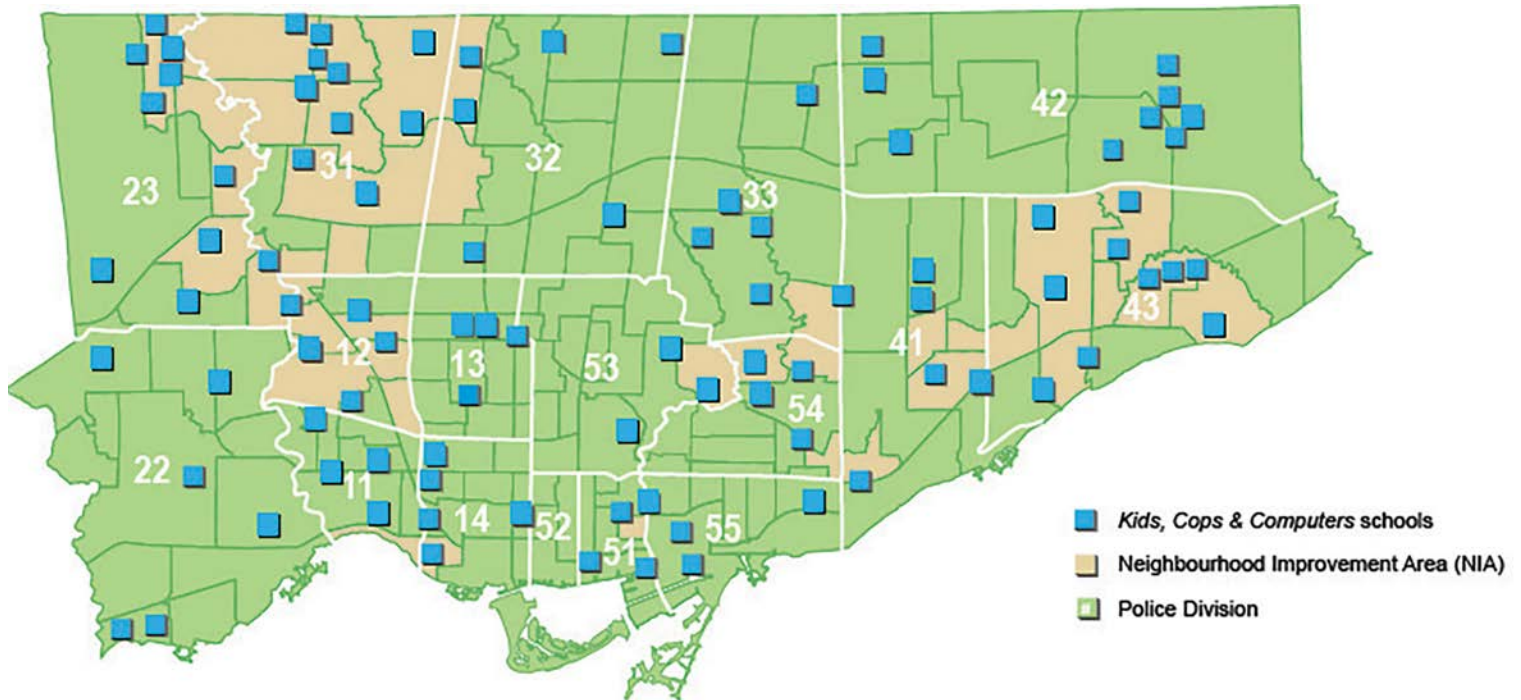

"Kids, Cops & Computers helps steer students on the right path socially and keep them on the right track academically."

- KCC Educator

The Program allows students to see a different side of officers through positive interactions in the schools and community."

- KCC Police Officer

CITY OF TORONTO NEIGHBOURHOOD SCHOOL PARTICIPATION TO DATE

HP Canada

Ensuring Students are Plugged into the Future

HP Canada has been a long-time supporter of *Kids, Cops & Computers* and is the hardware of choice for our Program participants.

As a leading technology company, HP strives to make technology more practical, usable, and valuable to all consumers.

Merry Go Round Children's Foundation is a proud to partner with HP, a Fortune 50 company, whose ongoing support of the Program is making a difference in the lives of so many students and their families.

HP volunteers working the tech booth at *Inspiration Games 2017*

Meet Sanaa, future artist

Sanaa is a student at Cummer Valley Public School who completed her first year in the *Kids, Cops & Computers* program this June. As a member of her student council, Sanaa enjoys being involved in her school community.

Before joining *Kids, Cops & Computers* at the start of the school year, Sanaa did not have a working computer at home. This made completing her homework difficult because most of her teachers' assignments required access to technology.

When she received her HP laptop at Cummer Valley's School *Launch*, she was ecstatic. "I was hugging everyone! My work and tech skills improved a lot over the school year after getting the laptop and support during the lunchtime *Lead & Learn* sessions."

The Program helped Sanaa build her artistic skills. "I love being creative and when I get older, I want to be an artist. I am excited to continue learning about digital art on my laptop and getting ready for my future."

Inspiration NIGHT 2016

The 4th annual *Inspiration Night* Gala was another sold-out event, raising \$160,000 net to further the growth of the *Kids, Cops & Computers* program. This brings the total amount raised since inception to \$525,000 – enough to support the participation of over 500 students.

provided a fascinating peek at many exciting trends in his keynote address on the Future of Technology.

Toronto based singer-songwriter Kayla Diamond performed two songs from her upcoming debut album, thanks to the support of Slight Music. *Kids, Cops & Computers* student ambassadors Dania Alamin and Nuure Osman provided a heartfelt testimonial, sharing how the Program has had a significant impact on their lives.

“For most people in this room the benefit of a great education, technology, and people to look up to were a given; but we are the lucky ones. The *Kids, Cops and Computers* goal is to bring that opportunity to every student in our program” said Inspiration Night Chair, Amie Rocket Munk.

Special thanks go to the *Inspiration Night* Committee for their passion and commitment to the Program: Amie Rocket Munk, Chair, Marsha Baker, Michelle Jalsevac, Sarah Paterson, G. Scott Paterson, and Chris Weber.

Ben Mulroney returned as the evening’s MC, providing lively commentary. Tech evangelist and author Marc Saltzman

13th ANNUAL CELEBRITY SPORTS MIXER

On February 8th, the Hockey Hall of Fame was filled with more than 700 people gathered together in support of *Kids, Cops & Computers*. Among the special guests were MC Michael Landsberg, Toronto Maple Leafs alumni Wendel Clark and Darryl Sittler, Hockey Hall of Fame member Marcel Dionne and former TFC player Dwayne DeRosario.

The athletes shared words of kindness with the *Kids, Cops & Computers* students. “There is no such thing as being too small. When you fall, stand back up. Work to be the best that you can be, and you can achieve great things. I am so happy to support this Program and these kids here tonight,” said Marcel Dionne.

This year the event achieved a new fundraising record totaling **\$360,000** in net proceeds. The funds support the 800 students participating in *Kids, Cops & Computers* in Toronto and across Canada.

A special message of gratitude delivered by student ambassadors Kauser Fatima and Sanaa Hamilton was a highlight of the evening. “Being a part of *Kids, Cops & Computers* expanded my horizons and gave me the opportunity to learn independently. Thank you for making this possible for all of us,” said Kauser.

Thanks to the Organizing Committee: Chair G. Scott Paterson, Gemma Capone, Michelle Jalsevac, Jaime Leverton and Michael McIntosh.
