

# 2018

## ANNUAL REPORT

Year End June 30, 2018

**Kids, Cops  
& Computers**

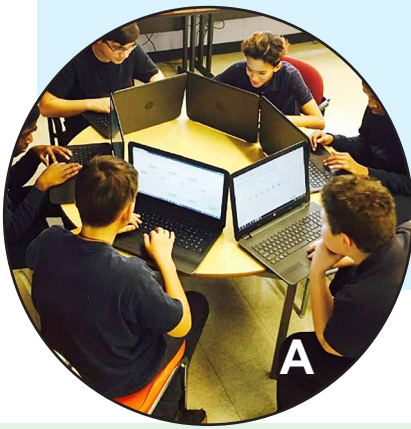

Powered by

Merry Go Round Children's Foundation

# Our Vision

Providing deserving kids limitless and infinite potential through technology, digital literacy, and life tools.

## Our Mission

- We recognize that every student needs some kind of support. Our Program provides access to technology and tools that level the playing field.
- Our participants are deserving kids who are given the opportunity to achieve their academic and social potential by accessing our Program.
- We succeed with our donors - the individuals, corporations, foundations and community groups - that provide essential resources to continually grow the Program.
- We facilitate teachers, police and volunteers to deliver the Program through tools and support.

## Our Values

- We work as a team to ensure all Programs are delivered the *Kids, Cops & Computers* way.
- We respect individuals in all circumstances.
- We understand our shared goals and work together to find better ways to achieve them.
- We communicate consistently and honestly.
- We strive to do things right and on time.
- Commitment and preparation are essential to our success.
- We measure everything to drive success.
- Thought leadership and program evolution are continuous.

---

# Chairman's Message

Dear Supporters and Stakeholders,

It was gratifying to see Merry Go Round Children's Foundation celebrate its 20th anniversary this year. The *Kids, Cops & Computers* program continued to grow and reach more families than ever before with 725 new students enrolled - 625 in Toronto partnering with the Toronto Police Service and 100 students in three provinces across Canada in partnership with the RCMP Foundation. Thanks to the continuous support of generous donors, students participating in the Program were provided brand-new HP laptops, learned new skills and participated in events to celebrate their achievements and benefit others.

Ensuring our youth are given opportunities they would not have otherwise is incredibly important. A key goal of the Program is helping kids develop essential life skills at a vulnerable period in their lives. The *Lead & Learn* sessions they attend during the school year with police officers and educators are aimed at helping youth build a strong foundation of digital literacy and developing stronger relationships with adults and authority figures.

Community partners are key collaborators in our mission to assist kids to reach their potential and we are grateful for their ongoing commitment to *Kids, Cops & Computers*. Our long-term partnerships with the Toronto Police Service, the Toronto District and Toronto Catholic District School Boards has ensured the Program's ongoing success in Toronto.

Our partnership with the RCMP Foundation, forged in 2015, continues to see more youth in non-urban communities benefit from the Program each year. HP, our Technology Partner since 2015, remains a key associate in providing brand new laptop computers to our participants.

This year, a comprehensive evaluation of the *Kids, Cops & Computers* program was completed. The results, highlighted within this report, will guide the development of the Program in the coming years to ensure that our kids continue to increase their skills and reach their potential.

The Board of Directors at Merry Go Round Children's Foundation focused this year on positioning the organization for long-term growth by creating a five-year strategic plan. We aspire to double the number of students taking part in *Kids, Cops & Computers* across Canada by 2023; more details can be found within this report. We are excited to move ahead with our ambitious plan to give even more deserving kids limitless and infinite potential.

Two decades of continuing Program growth illustrates just how many kids in our communities still don't have access to technology. I am especially grateful for the ongoing dedication and support of our community partners, supporters, and stakeholders, like you, who ensure our youth can compete on a level playing field.

**G. Scott Paterson**

## **G. Scott Paterson**

Chairman and Founder, *Kids, Cops & Computers*  
Merry Go Round Children's Foundation

## Meet Hamza, KCC Alumnus

Currently a second-year student completing a Bachelor of Business Administration at York University's Schulich School of Business, Hamza credits the *Kids, Cops & Computers* program for playing an important role in supporting his academic career.

Before joining the *Kids, Cops & Computers* program at North Kipling Junior Middle School in 2011, Hamza had very limited access to technology at home and little knowledge of computer programs. With one desktop computer shared between a family of five, his two older sisters always got priority and left Hamza with little time to put his best foot forward in his schoolwork. After receiving his laptop, Hamza's work habits improved drastically and so did his assignments.

Hamza also found the educator support and police mentoring provided in the *Lead & Learn* sessions to be invaluable.

*"When KCC gives you a new laptop, it is just the tip of the iceberg. It is more of a mentorship program," he said. "I was hesitant to approach a police officer when I was little, but when we were able to connect with them through KCC, it helped to show us they are here to serve and protect. They are humans too."*

Even though he graduated from the *Kids, Cops & Computers* program some years ago, Hamza Muhammad continues to remain actively involved with Merry Go Round Children's Foundation. *"The Program gave me opportunities to attend many fundraising events as a volunteer and see how others are living," he says. "It made me realize that it is not impossible for me to achieve my goals and have a successful career as well."*

*"Kids, Cops & Computers helped me become a more tech-savvy person and gave me the support I needed. Thank you so much for giving this opportunity to so many students."*

---

# Message from President & CEO

Merry Go Round Children's Foundation

Dear Friends,

*"KCC is an excellent program for students who need that extra help to push them forward because they either have to share a computer at home, need an updated computer or financially cannot afford one. It is also an excellent program to help steer students in the right path socially and keep them on the right track academically."*

– KCC Educator

This statement, provided by one of the educators in the Program, demonstrates just how much students' and families' lives are being changed by *Kids, Cops & Computers*. While a main part of the Program focuses on providing students with modern technology to help them now, the key components of learning foundational digital literacy skills and police and educator mentoring help them prepare for the future.

As my time with the organization comes to an end, I am immensely grateful for the generosity and passion that our Program partners, volunteers and donors, like you, provide each year to ensure that *Kids, Cops & Computers* continues to benefit students in Toronto and across Canada.

I am pleased to welcome Mark Zwicker who joins Merry Go Round Children's Foundation as President and CEO in October 2018. I know Mark's strong commitment to bettering our communities and giving youth the opportunity to achieve their unlimited potential will ensure that more kids than ever before will thrive and succeed.

With thanks,

**Pati Greenwood, MBA, CFRE**  
President & CEO

**Pati Greenwood**  
President & CEO  
(until October 2018)

**Mark Zwicker**  
President & CEO  
(as of October 2018)

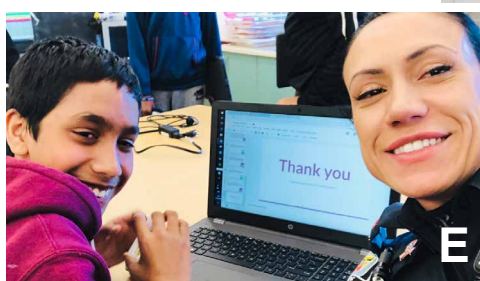

# Community Partners

Merry Go Round Children's Foundation is fortunate to have strong partners to deliver the *Kids, Cops & Computers* program to students nation-wide. The Toronto District School Board Toronto Catholic District School Board, and the Toronto Police Service continue to work with staff to deliver programming to schools across Toronto. After forming a partnership in 2015, Merry Go Round Children's Foundation has been working with the RCMP Foundation to roll out the *Kids, Cops & Computers* program in non-metropolitan communities across Canada.

With the help of our partners, over 5,000 students have been assisted to reach their unlimited potential through *Kids, Cops & Computers* since inception in 1998. Over the last three years, 254 students have received access to technology and support in non-metropolitan communities across British Columbia, Alberta, Manitoba, New Brunswick, and Nova Scotia in partnership with the RCMP Foundation.

Toronto Police Officers and the RCMP play a key role in the Program by facilitating five *Lead & Learn* sessions throughout the school year with the support of educators. The sessions explore a variety of topics that help kids feel safe and confident online.

Through this ongoing support during the year, it not only gives students the platform to learn new digital literacy skills but also encourages the development of positive and trusting relationships between police officers and youth in the community.

# KCC Kids Give & Succeed

Following the completion of their first year with the *Kids, Cops & Computers* program, students are invited to attend **Inspiration Games** – a special celebration to congratulate students on completing the requirements of the Program and earning full ownership of their new HP laptops, as well as their development and hard work.

The annual celebration took place at the Hangar at Downsview Park on May 31, 2018 with Toronto media personality Devo Brown keeping students pumped up all day as the Master of Ceremonies. Attendees took part in active games on the field, spinning a wheel for prizes at the HP station, ate a delicious lunch from Pizza Nova, and were recognized at a special awards ceremony.

This year, five \$1,000 Good Citizen Scholarship Awards were granted to students who displayed strong leadership in making a change in their community. **Congratulations** to Ibadho Ali, Abiya Biju, Elaine Cagel, Manuel Gonzalez Joo, and Rebecca Konadu- Bruce.

**Special congratulations to the Creative Assignment, KCC Spirit, and Dedication Award Winners:** Ashley Abuluyan, Martina Adine Florres, Eden Adoni, Dhaplyn Bongdoen, Cheraldine Carandang, Dalmat Deda, Emise Grande, Aislinn Kuipers, Esha Lodhi, Ralph Molina, Zoe Noranho, Nathaniel Persaud, Wrenston Saljay, Edward Struhar, and Maria Vuong.

**“Kids, Cops & Computers gives me the opportunity to be in schools and learn from the students. It is a wonderful chance for us to connect, and for me to provide feedback and support to give back to them.”**

– PC TONY SANTERAMO, TORONTO POLICE SERVICE  
2015 OFFICER OF THE YEAR AWARD RECIPIENT

## KIDS GIVE BACK!

Giving youth the chance to see how their actions can positively impact others is an invaluable experience for their development as young adults. Aligned with the *Kids, Cops & Computers* goal to build stronger community citizens, the **KCC Kids Give Back** initiative gives students the chance to become better leaders through holding their own school-wide fundraisers to help fund future student participation.

The hard work, commitment and creativity of ten Toronto schools participating this year raised an incredible **\$5,315** for students next year – **the highest amount to date!**

**Congratulations to:** Islington Junior Middle School, Our Lady of the Assumption Catholic School, Our Lady of Victory Catholic School, Queen Victoria Public School, St. Anthony Catholic School, St. Dorothy Catholic School, St. Francis Xavier Catholic School, St. Joseph Catholic School, St. Lawrence Catholic School, and St. Rose of Lima Catholic School for their spirited efforts in paying it forward to benefit others.

**A:** Cheque presentation at St. Lawrence Catholic School; **B:** Sarah Paterson & Ari Scheer present student awards at *Inspiration Games*; **C:** Cheque presentation at St. Joseph's Catholic School

# Building Impact: A Plan for the Future

It is our vision that students participating in *Kids, Cops & Computers* continue to receive quality programming to assist them in reaching their unlimited potential – socially and academically.

This year, Merry Go Round Children's Foundation board members and staff created and approved a five-year Strategic Plan for 2019 - 2023 that aspires to double the number of students benefitting from participation in *Kids, Cops & Computers*, ensure the ongoing effectiveness of the Program, increase awareness and increase Merry Go Round Children's Foundation's operating and financial stability.

The following summarizes the main goals and objectives identified in the plan:

## DOUBLE THE NUMBER OF STUDENTS PARTICIPATING IN *KIDS, COPS & COMPUTERS*

- 2,000 new students will participate in *Kids, Cops & Computers* annually on pan-Canadian basis
- By 2023, 10,000 students across Canada will have benefited from participating increasing digital literacy and developing important life skills

## ONGOING PROGRAM RELEVANCE AND EFFECTIVENESS

- Ongoing program evaluation measured by Key Performance Indicators
- Standardized program delivery across all constituencies
- Ongoing partnerships with Police and Education organizations across Canada
- Increased program options for senior students beyond the Program's first year
- Alumni development and engagement

## PROGRAM AWARENESS

- Integrated marketing and communications plan to increase awareness and participation
- Multi-channel social media plan

## LONG-TERM OPERATING/FINANCIAL STABILITY

- Diversify and significantly increase all funding bases: non-event revenue matches event revenue by 2023
- Develop six-month operating reserve fund
- Increase in-kind services to offset costs of technology and communications
- Increase staff engagement and career opportunities encouraging long-term tenures with the organization
- Governance model informed by the criteria of Imagine Canada accreditation making Merry Go Round Children's Foundation a highly valued board opportunity

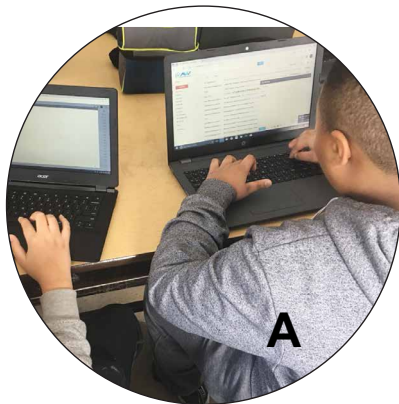

# KCC Program Evaluation

To ensure students participating in the Program are benefitting from *Kids, Cops & Computers*, a full-scale Program Evaluation was carried out in 2017 to measure outcomes of their academic and social development.

The evaluation aimed to provide a baseline for how students in the program are performing and to create effective measurement tools to be used in future evaluations. This evaluation employs a mixed-methods approach that combines qualitative stakeholder data in the form of interviews, online surveys and a quantitative analysis of student achievement data from the Toronto District School Board (TDSB) and the Toronto Catholic District School Board (TCDSB) to investigate the impact of the *KCC* program on the youth in the program.

Data results from students taking part in the Program show that **they are performing slightly ahead** of their peers citywide both before and after participating in *KCC*, and that they **continue to meet provincial standards** over time.

**86% of educators** have seen significant improvement in their students' digital literacy.

**86% of Grade 7 students** “really like” police officers and feel comfortable around them since joining the Program.

***“KCC gave me a great opportunity to excel at a time my mom couldn’t afford a computer for me. It made me feel important and supported by others to do well. Thank you!”***

– KCC GRADE 10 STUDENT

The *KCC* Program has the capacity to increase student success, maximize their potential to be good community members, and improve their skills and confidence in our increasingly tech-driven world.

Thanks to a gift of \$50,000 from an anonymous donor in support of the Program, the 2016/17 Program Evaluation was completed with program outcomes updated to better highlight and understand the impact the *KCC* Program has on students. The updated outcomes that Merry Go Round will be using to measure student progress and success moving forward are as follows:

1. **Improved Academic Achievement**
2. **Increased Digital Literacy**
3. **Strong Social-Emotional Wellbeing**
4. **Community Engagement and Citizenship**

A copy of the Evaluation Report brochure is available at [www.kidscopscomputers.org](http://www.kidscopscomputers.org).

For a copy of the full evaluation report, please contact [info@merrygoround.ca](mailto:info@merrygoround.ca).

# Special Thanks

## HP Canada

Providing Students with Technology at their Fingertips

HP Canada has been a long-time supporter of *Kids, Cops & Computers* and is the hardware of choice for our Program participants.

As a leading technology company, HP strives to make technology more practical, usable, and valuable to all consumers.

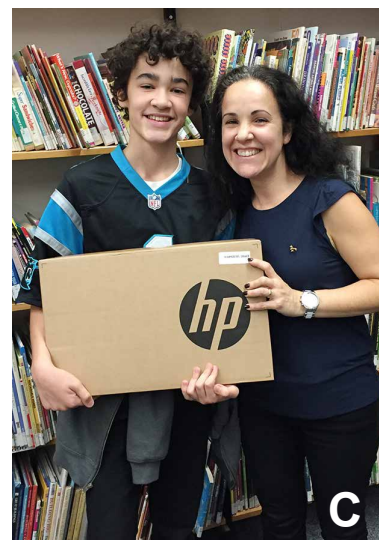

## The Slaight Family Foundation

Committed to Changing The Lives of Youth

Thanks to the Slaight Family Foundation, more youth across Canada will benefit from involvement in the *Kids, Cops & Computers* program. In July 2017, the Foundation committed an extraordinary gift of \$150,000 over the next three years to support the expansion of *Kids, Cops & Computers* across Canada. This generous donation also supports an improved student communication strategy through a complete website makeover and digital communications strategy.

The Slaight Family Foundation has been a long-time supporter of Merry Go Round Children's Foundation, supporting *Kids, Cops & Computers* since 2009. "We are so honoured and gratified to receive this incredible support of the Slaight Family," says Pati Greenwood, Merry Go Round President & CEO. "This gift provides an early investment in our pan-Canadian expansion strategy which seeks to double the number of youth served by *Kids, Cops & Computers* in the next five years."

Established in 2008, The Slaight Family Foundation supports projects related to health care, social service initiatives, arts, culture and projects that assist at-risk or disadvantaged youth.

# Meet Marshall, KCC Student

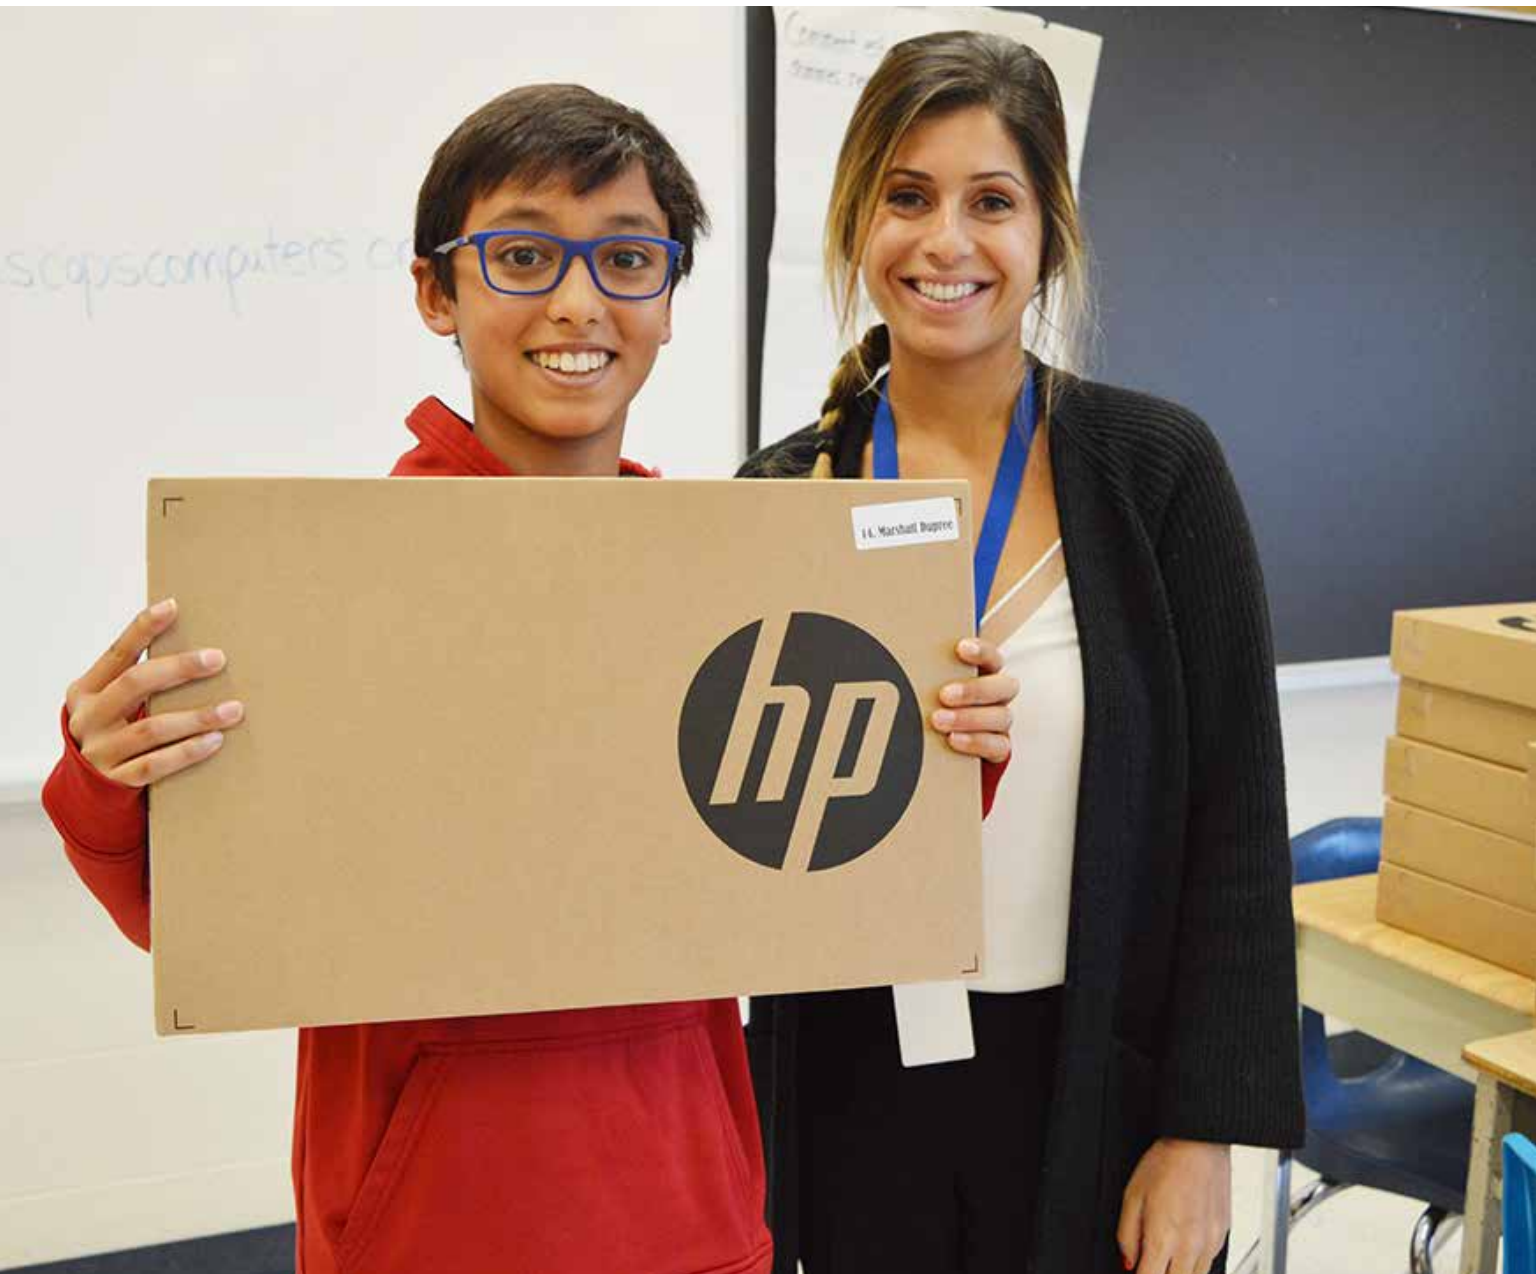

Marshall is a Grade 7 student at Parkdale Public School who participated in *Kids, Cops & Computers* this year.

Before joining the Program, Marshall shared a very outdated desktop computer at home with his family and spent a lot of time commuting to the public library to complete his assignments on time. *"I missed a lot of dinners with my family because of how much time I spent at the library completing my homework,"* says Marshall.

Marshall credits the Program for having a valuable impact on his academic and personal life. *"Kids Cops & Computers has changed a lot in my life."*

*"I spend less time away from my family now as I can complete my assignments at home, and my marks have improved. I'm also able to spend a lot more time playing basketball and baseball, my favorite sports, and socializing with my family, friends and classmates."*

As a student ambassador for *Kids, Cops & Computers*, Marshall delivered a heartfelt message of gratitude to supporters of the Program: *"KCC has given me opportunities to improve my confidence, such as having the chance to give a speech on behalf of the students at the 14th Annual Celebrity Sports Mixer this year."*

# Inspiration NIGHT 2017

***“It’s about hope. These students that you are supporting may unlock the next big thing in the future. It all starts right here with all of you.”***

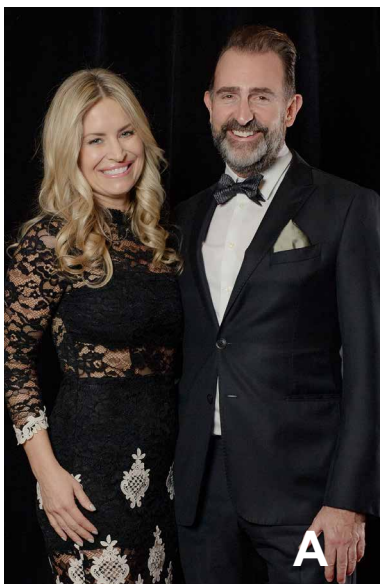

– DR. HOWARD ROCKET, KEYNOTE SPEAKER

On October 24, over 250 guests were moved by Dr. Rocket’s keynote message on driving courage in the face of hardship at the *Inspiration Night* gala in support of *Kids, Cops & Computers*.

**The evening raised \$180,000 in net proceeds** to further the expansion of the *Kids, Cops & Computers* program – with more than \$700,000 raised through the five *Inspiration Night* galas held to date.

The special fifth anniversary of the event included an opening performance by Jessica Mitchell thanks to Slaight Music, Ben Mulroney returning to facilitate the night as Master of Ceremonies, and senior student, Sneha Bhattarai and *KCC* Alumnus, Hamza Muhammed, providing a touching thank you to the supporters.

Special thanks to the wonderful volunteers and the *Inspiration Night* Committee for their hard work and dedication: Chair Amie Munk, Kara Alloway, Kelly Armstrong, Pati Greenwood, Michelle Jalsevac, Jessica Langer, Claire McIntyre, Trish Mennell, Sarah Nanacsik, Sarah Paterson, and G. Scott Paterson.

14<sup>th</sup> ANNUAL

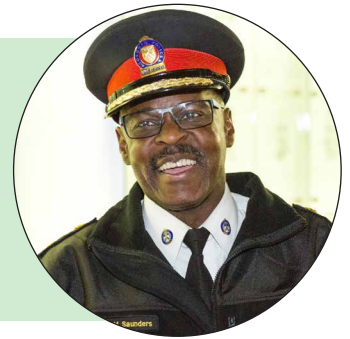

# CELEBRITY SPORTS MIXER

On February 21, the Hockey Hall of Fame was filled with over 600 attendees coming out to support our youth at the *14th Annual Celebrity Sports Mixer*. Some of the special guests included Master of Ceremonies Paul Hendrick; Toronto Maple Leaf alumnus, Wendel Clark; Hockey Hall of Fame inductee, Marcel Dionne; and Team Canada Olympians.

Toronto Police Service Chief Mark Saunders took the stage during the night's program to share his appreciation for *Kids, Cops & Computers*' impact in the community.

*"This program is one of the most successful programs we work with. Kids, Cops & Computers creates stronger bonds between our youth; our future leaders, and our officers. Both sides get to learn from each other, and the officers are able to serve as a close mentor to build stronger community citizens."*

– CHIEF MARK SAUNDERS, TORONTO POLICE SERVICE

*Kids, Cops & Computers* student ambassadors Rebecca Konadu-Bruce and Marshall Dupree spoke of the positive influence the Program has made on their lives and their future plans.

The two and a half hour event raised **\$391,000 in net proceeds** to support more than 725 Grade 7 students participating in *Kids, Cops & Computers* this year.

**A:** Will Drope, James Swayze; **B:** KCC students Emmanuel and Joseph with TPS Officers; **C:** Team Canada Olympians Dylan Moscovitch, Jason Burnett, Alexandra Bruce, Rosie Cossar, Larisa Yukiw; **D:** Wendel Clark, Dave McLlwain, Shayne Corson; **E:** Ryan Redwood, Jana Webb; **F:** Natasha Staniszewski, Pooja Handa
